

## **Parliamentarian Bulletin September 2024**

Throughout the year, I will be noting in my newsletters and bulletins information about which Auxiliaries have updated by-laws due to Department for review in upcoming months. (The first Auxiliary with updated by-laws due is noted below.) I will also follow-up with a phone call to the Local Auxiliary Parliamentarian or President to see if anyone has questions or requires assistance in determining if changes are needed to bring the Auxiliary into compliance with Department and National By-Laws.

- Auxiliary 22 – By-laws due date is October 2024

Keep up-to-date on Department news by reading your newsletter articles and reading online bulletins. Department Officers use these to notify the Local Auxiliaries of vital information. I will also be using my articles and bulletins to remind everyone of revalidation requirements, by-laws changes and any other information which is important for Local Auxiliaries.

As always, I am here to provide assistance and answer questions. You can email me at [lema81@wowway.com](mailto:lema81@wowway.com) or call me at 586-214-1019. Leave a message and I will get back to you as soon as possible. **Be sure to add both to your email and phone contacts so when I reach out to you, my messages do not accidentally go to your junk or spam files.**

Bert Lema, Parliamentarian
